

Online Examination System

Today ,Online Examination System is considered a fast developing examination method because of its accuracy and speed. It is also needed less manpower to handle the examination. Almost all organizations today, are managing their exams by online examination system, since it reduces student's time in examinations. Organizations can also easily monitor the progress of the student that they give through an examination. As a result of this, the result is calculated in less time. It also helps diminishing the need for paper. Online examination project in ASP.net is very useful to learn it, According to today's requirement Online examination system is significantly important to the educational institution to prepare the exams, saving the time and effort that is required to check the exam papers and to prepare the results reports. Online examination system helps the educational institutions to monitor their students and keep eyes on their progress. The best use this system in Scholastic Institute and training centers because it helps in managing the exams and get the results in easy and an efficient manner. Until today the preparing for exams and preparing the results was performed manually, this required more time to complete.

There are three sub modules in this phase.

- ✓ Candidate module.
- ✓ Examiner module.
- ✓ Administrator module.

The functionality of each module is as follows:

- ✓ **Candidate module:** The candidate will logon to the software and take his examination. He can also check his previous examinations marks and his details. The candidate will get result immediately after the completion of the examination.
- ✓ **Examiner module:** The database is prepared & loaded into the software. Selection for examination can be done language wise by the examiner. The results will be displayed immediately after completion of the examination.
- ✓ **Administrator module:** The administrator collects all the results after successful completion of the examination and sends to the head quarters as and when required.

The features that are available to the Administrator are:

- ✓ The administrator has the full fledged rights over the OES.
- ✓ Can create/delete an account.
- ✓ Can view the accounts.
- ✓ Can change the password.
- ✓ Can hide any kind of features from the both of users.
- ✓ Insert/delete/edit the information of available on OES.
- ✓ Can access all the accounts of the faculty members/students.

The features available to the Students are:

- ✓ Can view the different categories of Test available in their account.
- ✓ Can change password.
- ✓ Can view their marks.
- ✓ Can view the various reading material.

- ✓ Can view and modify its profile but can modify it to some limited range.

The features available to the Examiner are:

- ✓ Can view the different categories of Test conducted by users.
- ✓ Can change password.
- ✓ Can view their marks.
- ✓ Can view and modify Results.
